A MESSAGE FROM THE PRESIDENT

Happy Fall! This is my first fall in quite a number of years that my son, Gage, didn't go through a "Back to School" routine. He graduated from Penn State in May, accepted a management trainee position in his field, and moved to the Midwest. Although college served him well for preparing him for his field, there are certainly industry-specific processes and analyses that he is now learning on the job.

Likewise, ASHE Harrisburg is rolling out a "Back to Basics" webinar training series for our younger members on a variety of transportation topics. An email recently went out to our Century Club contact list announcing the opportunity for experienced Century Club member firm technical staff to volunteer to provide these sessions. To start the ball rolling, I offered to instruct the environmental session. Please consider giving back for the betterment of our up-and-coming industry workforce by responding to the email or reaching out directly to Danielle Derolf (danielle.derolf@bowman.com) to volunteer!

A big thank you to the PA Turnpike, PennDOT, and the firms who participated in August's Young Professional Speed Networking Event with us and WTS! I think all who participated found the event very beneficial. Additionally, our young member group has been very active in its first year and continues to grow!

I'm excited to serve as ASHE Harrisburg President this year. We have many events planned, beginning with the September 25th happy hour event with District 8-0 staff at Duke's in Wormleysburg!

–Virginia

Fostering Future Leaders: Successful Young Professionals Speed Networking Event

On Tuesday, August 26, a remarkable collaboration between WTS Central PA and ASHE Harrisburg brought forth the Young Professionals Speed Networking event at the PA Turnpike Commission. This initiative was specifically tailored for young professionals with less than a decade of industry experience, aiming to inspire their engagement with professional organizations and facilitate meaningful introductions to seasoned members.

Exceeding expectations, the event welcomed an impressive turnout of 85 participants, with over 50 young professionals eager to expand their networks. The event commenced with an informal networking session, setting the stage for an inspiring keynote speech by Brad Heigel, Chief Engineer of the PA Turnpike. Heigel shared valuable insights on the transformative power of networking and the pivotal role professional organizations have played in his career journey.

The core of the event, a dynamic speed networking session, enabled young professionals

to engage with nearly all company representatives and connect with their peers. The session was followed by a lunch, providing further opportunities for participants to continue their conversations and forge connections that could shape their futures.

The event was welcomed as a resounding success, prompting both organizations to commit to making it an annual affair. Post-event surveys reflected overwhelmingly positive feedback, with participants expressing their enthusiasm for future events dedicated to young professionals.

This initiative not only underscores the importance of networking in career development but also highlights the commitment of WTS Central PA and ASHE Harrisburg to cultivating the next generation of industry leaders.

Young professionals engaged in speed networking, seated around the outside while rotating through conversations with industry representatives on the inside, gaining career advice and building connections.

Picnic and **CASINO** Night

ASHE/ASCE/WTS Annual Joint Picnic and Casino Night August 22, 2025

Nothing kicks off fall better than our annual Joint Picnic co-hosted with ASCE and WTS Central PA Chapters! With approximately 90 people in attendance, this fun-filled gathering held at the Lisburn Fire Hall continues to be a staple event for industry members and their guests. We appreciated the feedback from last years' event and expanded the participation in the cornhole tournament and provided additional food selection for those guests with dietary restrictions. The play money casino night, hosted by Marysville Lions Club, culminated with awarding 10 gift baskets. A special thank you to our entire planning committee and all those who volunteered during the day, without that support this event would not be possible.

Join us to... **HELP CLEAN UP HARRISBURG, ONE PIECE OF DEBRIS AT A TIME!**

Please support the Harrisburg Chapter of the American Society of Highway Engineers by helping to keep our Pennsylvania highways clean and beautiful!

The Century Club is comprised of ASHE members who have made a \$250 pledge to support the ASHE Harrisburg Section's activities.

Century Club Members are prominently displayed in The Profile up to eight times a year. The Profile is issued monthly to approximately 400 Section Members in South Central Pennsylvania. The Century Club is an excellent opportunity to gain recognition among your colleagues, while actively supporting ASHE. **MAKE A PLEDGE:**
